# Creation

Engulfed in darkness  
*groping in darkness*

Light appeared  
*To 'see' the light*

Evening passed and morning came  
*Always anew*

Water under ... water above  
*Creating space*

The land will appear  
*Ground under my feet*

Produce all kind of plants  
*Growth and movement*

They will shine in the sky  
*Signs of the time*

All kinds of creatures  
*Richness without limit*

Let the air be filled with birds  
*Winged longings*

All kinds of animal life  
*Evolution 'not being' growing to 'being'*

They will be like us and resemble us  
*Kiss of life*

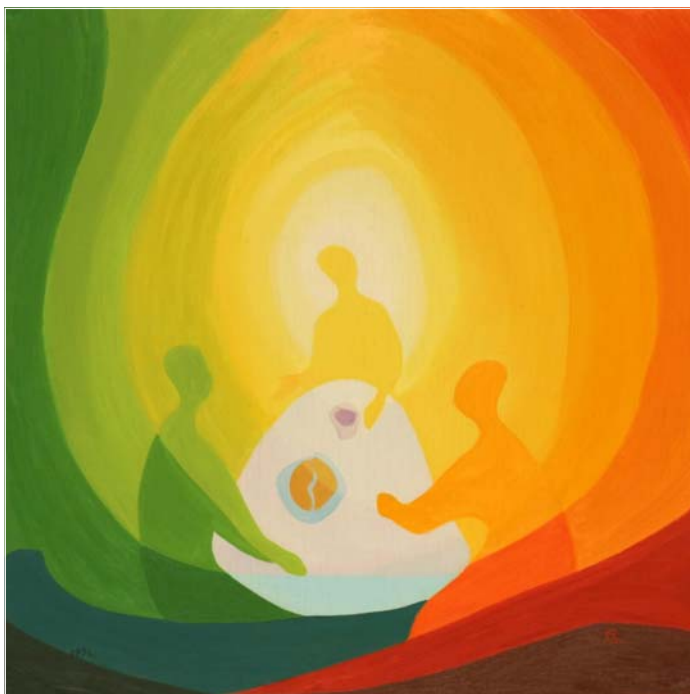

He created them male and female  
*Image and likeness*

God looked at everything and was very pleased  
*Satisfaction*

Driven by the spirit

They recognized him
